3m Guide Coat Powder

Powder is ideal to highlight body lines. 3M™ Dry Guide Coat is used to identify surface imperfections such as pinholes in body filler and deep scratches in primer. Unlike liquid and aerosol guide coats, Dry Guide Coat requires no masking before use, and there is no dry time after application. The dry formula contains no intentionally added solvents and doesn't clog sandpaper while delivering easier cleanup.

Will NEVER go back to 3M guide coat. This stuff is the shiz!!! Double the amount of powder, way blacker, half the cost. Also, if using for wet sanding it doesn't leave a film that makes it hard to sand like the 3M powder does. Yes, it makes a mess when wet sanding but makes life so much easier and mops up easily.
