Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

Accounting By Meigs And 4th

Meigs and company explain the accounting concepts just as thoroughly as Hongren but with about half the verbage. I breezed through my summer course and got the highest grade in the class. This book is an excellent teaching tool for beginners and would also make a great reference guide for more advanced students.
