Plato had two theories of art. One may be found in his dialogue The Republic, and seems to be the theory that Plato himself believed. According to this theory, since art imitates physical things, which in turn imitate the Forms, art is always a copy of a copy, and leads us even further from truth and toward illusion.

Aesthetics - Plato's Aesthetics

This course explores the main concepts of art, expression, and creativity as it helps students answer questions such as what is art; what is creativity; and how and why people respond to art. It covers essential design principles such as emphasis, balance, and unity. Units include: Art, History, and Culture; Western and World Art Appreciation; and Art and the Modern World.

Plato and Aristotle spoke of mimesis as the re-presentation of nature. According to Plato, all artistic creation is a form of imitation: that which really exists (in the "world of ideas") is a type created by

God; the concrete things man perceives in his existence are shadowy representations of this ideal type.

Aristotle (384–322 BCE) was one of the most important western philosophers in history. A student of Plato, Aristotle tutored Alexander the Great. He later went on to form his own Lyceum (school) in Athens, where he developed important philosophical, scientific, and practical theories, many of which had great significance during the Middle Ages and are still influential today.

Biography of Aristotle, Influential Greek Philosopher

Art Appreciation started when the maker of the image asked his friend, "See the horse?" and the friend replied (as we do today), "I see the horse." Art History started when the artist and the community began to try to figure out the hows and whys of that first painting.
