Unit).

## **The Forensic Psychology of Criminal Minds by Katherine ...**

Forensic psychology is a broad field that applies the principles of psychology to the criminal justice system and law.

Forensic psychologists consult with law enforcement to integrate psychology into both criminal and civil legal matters. Their duties can include selecting juries, evaluating witnesses, and conducting mental health evaluations.

## **Criminal Psychology vs. Forensic Psychology**

In civil and criminal cases, forensic psychologists may evaluate individuals to determine questions such as competency to stand trial, relationship of a mental disorder to an accident or crime, and potential for future dangerous behaviour.
